MAO, who was born in Muman of a peasant family, received his entire education in Chins, which is not true of some of the other Communist leaders who were educated in Moscow.

He is the leader of the National Clique, also known as the MAO Clique. As its name implies, this Clique is Nationalist in viewpoint and does not permit too much interference from the U. SR, although it has indicated willingness to cooperate to a certain degree. The MAO Clique is opposed in principle to the International Clique, headed by LI Li-san, which advocates close cooperation with the USER.

MAO is reported to have smooth, unlined features; a youthful figure with a slight stoop; and a boyish, mischievous, completely infectious good
